## PROGRAMME BASIS OF NOVIČKE

Novičke (The News) is an information bulletin with which we wish to inform individuals and organisations abroad with adult education and learning in Slovenia.

We plan to provide the following types of:

- description and presentation of events and activities in adult education;
- development, research and other programmes and projects;
- information on organisations, their needs, plans and activities;
- information on policy and strategies of adult education;
- the latest news in administration and legislation;
- statistical data;
- information on forthcoming events, workshops, seminars and conferences;
- presentations of new books and articles.

Novičke will provide brief, concise, objective and unbiased information.

Novičke will be published three times a year in English language.

Users will receive Novičke free of charge. This is a policy we intend to continue, provided we are able to cover the costs of publishing from the public funds allocated to adult education.

Novičke is edited and published by the Information Centre at the SIAEC. In charge of the publication is: Zvonka Pangerc Pahernik, M. Sc., editor and head of the Information Centre.

In charge of the publication are: Zvonka Pangerc Pahernik, M. Sc., head of the Information Centre, and Maja Korošak, MA, editor.
